

# CLLOUD COMPUTING

- Get back freely and easily all your files, videos and songs if your laptop or phone is stolen or damaged?
- Have your files edited and viewed by different individuals who are very far from each other without actually sending them. Think of proposals or students assignments
- Access all your files anywhere in the world without carrying your laptop or phone
- Have most of the stuff from your laptop in your mobile phone
- Save your pictures, videos, contacts both in your mobile and laptop and have them synchronized
