

Advanced Diploma

NCC Education Level 5 Diploma in Business (QCF) (L5DB)

Equivalent to Year 2 of a 3 year UK honours degree

Overview

The Level 5 Diploma in Business (QCF) (L5DB) makes up the second year of the NCC Education degree journey and builds upon the knowledge gained during the NCC Education Level 4 Diploma in Business (QCF). Exposing you to greater detail and more advanced topics in a range of areas including economics, marketing, finance and management.

You will study a balance of academic and vocational subjects in order to provide you with the necessary knowledge and skills to play a significant role in business organisations.

On successful completion of the programme you will be able to complete the final year of a degree at one of the many universities that recognise NCC Education qualifications, or pursue a career in the business industry.

Entry Requirements

For entry onto the NCC Education L5DB programme you must have at least one of the following:

- NCC Education Level 4 Diploma in Business (QCF) (L4DB).

OR

- A local or international qualification which is deemed to be of a similar level to the NCC Education L4DB programme. This must be agreed with NCC Education in advance.

If you're a potential student whose first language is not English, you will need to obtain a valid score of 5.5 or above in the International English Language Testing System (IELTS) examination or equivalent. Alternatively, take the free NCC Education English Placement Test, which is administered by PCTL Training Institute Ltd.

Programme Structure

You must study the following eight core modules:

- **Business Economics** - examines how an organisation can achieve its objectives most efficiently through the application of micro-economic theory and the tools of analysis of decision science, such as statistics and quantitative methods. It demonstrates how economic analysis can be used in formulating business policies.
- **Advanced Business Mathematics** - provides an understanding of how a number of statistical and mathematical techniques are applied in economic and business decision-making.
- **Marketing in Business** - highlights the need for managers to view the role of marketing as critical to their organisation. The crucial role of marketing in contributing to the success of organisations is emphasised.
- **Human Resources in Business** - explores the dynamic role of human resource management policies and practices in contemporary organisations and their contribution to the goals of those organisations. It defines and critically examines the major philosophies, policies, procedures and practices related to the management of human resources.
- **Understanding Consumer Behaviour** - provides an understanding of customers' needs and the complexity of the decision making process customers undertake in both consumer and industrial markets.
- **Principles of Business Operations** - explores the operations management function and its basis in creating and sustaining effective and efficient operations which deliver the products or services in a manner which achieves the objectives of the organisation. You will analyse this with respect to cost, quality, flexibility, dependability and speed.
- **Financial Management** - builds on your knowledge of fundamental financial concepts in financial and management accounting by considering the applications of these topics in a business environment and by examining a set of more advanced issues.
- **Information Systems and Organisations** - introduces you to the subject of information systems and technology in organisations, taking a broad management perspective. You will gain an understanding of the current and future role of information systems in modern organisations, including an appreciation of the social, cultural and political aspects that are important to the successful adoption of technology.

Advanced Diploma

FULL TIME PART TIME CLASSROOM BASED

Assessments and Examinations

Assessments for all modules are offered in a number of assessment cycles throughout the year. All modules are assessed by either examination or coursework assignments.

Award Conditions

The NCC Education Level 5 Diploma in Business (QCF) will be awarded when you have successfully passed all eight modules. A module is passed when an overall mark of 40% or more is achieved. You can resit modules if you need to but this must be done within three years of your first assessment in the programme.

Duration

The programme is designed to be delivered over one academic year for full-time study, but it is also flexible in its delivery in order to accommodate part-time learning.

Delivery Method

The programme is taught face-to-face, through lectures, tutorials and seminars by PCTL Training Institute Ltd.

Accreditation Status

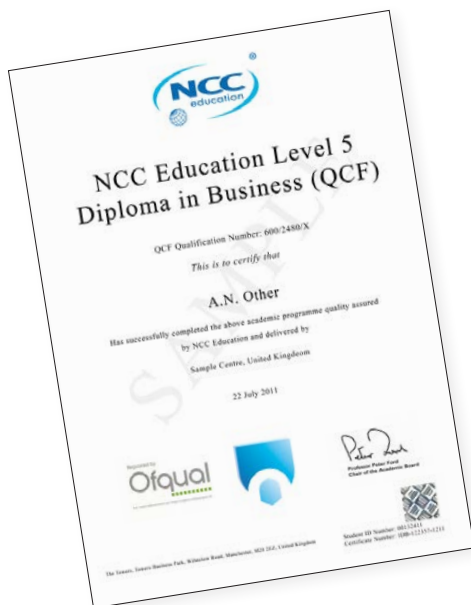

NCC Education is accredited to award the Level 5 Diploma in Business (QCF) by Ofqual (Office of Qualifications and Examinations Regulation) in England. Ofqual qualification reference number 600/2480/X.

Progression

The programme allows students onto NCC Education's final year top-up programmes in Business (further entry requirements may apply), or to a third year of many UK university programmes of study, or enables you to pursue a career in the business industry.

Learning Outcomes

On successful completion of NCC Education's Level 5 Diploma in Business (QCF), you will have acquired a critical understanding of the established principles of business and management and developed new skills relevant to the business industry. You will also gain a breadth of knowledge in business and be able to successfully implement your skills in further study or in a professional role within the business industry.
